20th March 2020

Dear Parents/Carers,

Remote Learning

For those children who will not be in school from Monday, we have spent significant time preparing work and activities to complete at home. Students will be able to collect this work using Moodle, which can be accessed through the school's website. The work for different subjects will continue to be updated so that students continue to receive additional learning tasks.

In case students have forgotten how to use Moodle, and to assist you, I have attached a guide to using both Moodle and the school email system to this message. Work for all subjects and year groups will be found on the O Drive in a folder called 'School Closure Work' from 9am on Monday morning. Work may well be set from text books and we have tried hard to ensure that students have these at home.

We will continue to update you on a regular basis with important information as we receive it by email, but also please do regularly check on the school's website.

We are most definitely charting our way through unknown waters at present and I am aware that the changes to all of our lives and routines will place an increased pressure upon us all. I have confidence in the resilience of our children and the strength of the partnership between the staff at the school and our parent body that we will be able to work through the current situation.

Yours sincerely

A handwritten signature in cursive script, appearing to read 'S. Furness'.

S FURNESS
